

# Low-Flow Fixtures

**Lookup Value?** [Low-Flow Fixtures](#)

**From Lookup Field?** [GreenWaterConservation Lookups](#)

## **Definition (May contain conditions that must apply)**

Toilets, bathroom faucets, showerheads, irrigation controllers, and other products can be manufactured to use less water than minimum standards. Some products are qualified by third-party programs like the EPA WaterSense and are typically at least 20 percent more water-efficient than standard products. EPA WaterSense website has additional information
