

About the RESO Data Dictionary Wiki

Data Dictionary Version: 1.4

The Real Estate Data Dictionary Wiki was developed and is supported by the Real Estate Standards Organization (RESO).

The Real Estate Standards Organization is a non profit volunteer computer standards group whose mission is to create an environment for the development and implementation of data standards and processes that facilitate innovation, insure portability, eliminate redundancies and obtain maximum efficiencies for all parties participating in the real estate transaction.

To learn more about RESO please visit their website at www.reso.org. To learn more about the RESO workgroup, Data Dictionary, that supports this Wiki website please visit www.reso.org/data-dictionary.
